

## **Quality Improvement Training Opportunities and Resources**

**Presented by Grace Gorenflo and Ty Kane**

### **Q&A Session**

#### **Are there resources for quality development/planning on PHQIX?**

Go to the National Network of Public Health Institutes Quality Improvement (QI) toolbox, and in the QI section, there is a piece on the Quality Trilogy. It's a nice resource to assist with quality planning.

#### **Are there effective ways to contact specific people who are doing QI in other agencies?**

Go to the Community Forum because it's a great way to reach a lot of people. Also, if you are able to attend the national meetings on quality improvement, that is a great way to reach people as well.

PHQIX also has a private messaging feature you can use to chat, and you can message the submitters of QI initiatives if you have questions.
